

## School is in for Veterans!

We hope all your veteran's enjoyed their down time this summer. As the Fall semester is beginning this month for many, this might also mean a return to in-class settings. Regardless of the case, at Performance by Design we are here to assist with equipment needs for your veterans' school year.

We carry different tiers of laptops and desktops for your veterans' requirements for their program. Our computer bundles will also include Microsoft Office and Norton Antivirus (Windows computers only) for their word processing needs. Our warranty covers your veteran for the life of their Vocational Readiness Program and we have dedicated technical support to assist with device issues if they arise.

As the first day of you veteran's semester is fast approaching, Performance by Design can provide the needed equipment to start them off for success! We currently provide direct shipment of equipment to your veteran due to CDC guidelines. We're here to help assist your veteran in the success of their training program!

If you are interested in our products/services, please call (866) 757-1221.

We have now partnered with MLCC Computer Training and accept 28-1905s, POs, and Purchase Cards.
